## Chapter 81 - Discount

He Mei Xin and Jiang Zhi Xin's exchange of information had successfully changed the father of the child in her womb from Su Chen Hao to Su Qi Ze.

She could not deny it, but she could not admit it either. She only raised her head to look at Jiang Zhi Xin, and said coldly: "This doesn't seem to have anything to do with you."

"How could it be okay, you ..." Jiang Zhi Xin had thought that she was just playing around with Su Qi Ze. How could someone as rich and powerful as the Su Family let a wild girl who had no status or background enter the door?

But now that Luo Qing Yun was pregnant, the situation was completely different.

Previously, her father had instructed her to find a chance to restore their relationship with Luo Qing Yun. In the future, it was possible that the Jiang Family would need her help to help them.

Now it seemed that even if she was unwilling, she had to form a good relationship with Luo Qing Yun.

After all, in Luo Feng's stomach, he was currently pregnant with the Su Family's grandson.

Even if she could not enter the Su Family's door in the future, as long as she gave birth to the child, she would forever be the mother of the future successor of the Su Family. With Su Qi Ze's love for her, he would probably listen to her in the future.

"Zhixin, did you hear me or not? Come with me." Zhou Yi had originally been in an extremely bad mood because of the news of Luo Qing Yun's pregnancy, but now that she seemed to have the intention of pleasing Luo Qing Yun, her heart became even more unhappy, and her voice also became cold and hard.

"Zhou Yi, didn't you hear it? "Elder sister, she's pregnant." Jiang Zhi Xin didn't even have the mood to eat right now, so all of her attention was completely focused on Luo Qing Yun.

"Elder sister? What kind of sister is she? Are you out of your mind? " Zhou Yi would never forget the slap Luo Qing Yun gave him, nor would she forget the "betrayal" Luo Qing Yun had once told him.

"Daddy said that she's an older sister, so she's ..." Jiang Zhi Xin wanted to differentiate them.

Seeing that, Luo Qing Yun was worried that they would start a fight here. Furthermore, there were a lot of people in the restaurant, so those who could come here to eat were all elite people with high standards. She did not like being surrounded by people, so she said, "If the two of you are going to fight, please stay far away from us, we just want to have a quiet meal here."

When Zhou Yi heard the disdain in her words, the flames of anger in his heart immediately burned. He asked her in a mocking tone, "Luo Qing Yun, what do you have to be proud of? Do you think that just because you have Su Qi Ze's child, he will marry you? Do you know that women like you are everywhere on the streets and you are worthless? "

Hearing that, Luo Qing Yun's face turned red, she opened her mouth, but just as she was about to refute, she heard a familiar voice coming from behind her.

"Mr. Zhou is right, Qingyun is indeed not worth much."

Luo Qing Yun turned her head to look at the origin of the voice, only to see Su Qi Ze dressed in a khaki casual suit, appearing out of nowhere and actually walking behind her.

Qing Jun's face carried a faint smile as she extended her hand. Her large palm naturally rested on Luo Qing Yun's shoulder, and her other hand gently lifted her chin. "She can't be measured by money."

Su Qi Ze's appearance caused everyone present to be stunned, especially He Mei Xin, he had never heard of this Second Young Master Su from other colleagues before, but he had never seen his real body before. Now that he had seen him, his face naturally revealed an expression of infatuation, and his eyes shone like the stars.

How handsome they are, men of the Su Family, why are all of them so good-looking?

He was so jealous.

"You ... Why are we here?" Luo Qing Yun looked at him blankly for half a second before asking in shock.

"After calculating, I guessed that you were coming here to eat, so I came here." Su Qi Ze smiled gently, his tone was exceptionally doting, giving others the illusion that he was a pretty boy.

"Mr. Su, hello. Do you still remember me? I am Jiang Zhi Xin, Sister Qingyun." Jiang Zhi Xin did not forget to establish a relationship with him, and enthusiastically extended her hand towards Su Qi Ze.

Su Qi Ze looked up at her, and his face revealed a hint of a smile that was not a smile, "Miss Jiang left such a deep impression in my heart, so of course I won't forget."

He did not shake hands with her.

Jiang Zhi Xin understood the meaning behind his words, she knew that Yue Yang still remembered how he had hurt Luo Qing Yun, and couldn't help but feel embarrassed.

"Mr. Zhou, I heard from my assistant that you have sought me out many times, but unfortunately, I was busy before and did not have the time to see you. "Since we met today, why don't you tell me why you're looking for me?" Su Qi Ze turned his gaze towards the ugly Zhou Yi.

Previously, Zhou Yi wanted to ask Su Qi Ze to spare Jiang Family, so he had people request to meet many times, but they were all rejected.

Now that the danger in the Jiang Family had been resolved, yet Su Qi Ze had brought this up intentionally, it was nothing more than to embarrass him. Although he was very shameless, he had no choice but to endure it and only said lightly, "It is understandable that the noble people in the Mr. Su are busy and have no time to meet them. Now that the matter has been resolved, there is no need for Mr. Su to worry. "

"So it's like that ..." Su Qi Ze laughed, and did not continue.

At this time, the waiter came over to order the dishes. Seeing that there were three people standing by the table, he asked, "May I ask if you are with these two ladies? Would you like to change the table? "

"No need."

"Sure."

When Luo Qing Yun opened her mouth at almost the same time, her answer was NO, but Jiang Zhi Xin happily said YES.

The waiter heard this and was put in a difficult position, "This ..."

"Brother-in-law, you can't be so petty that you don't even want to treat us to a meal, right?" Jiang Zhi Xin said to Su Qi Ze as she took out her unique skill of acting coquettishly.

At this time, Su Qi Ze turned to Luo Qing Yun and asked her: "What do you think?"

"I ..." She really didn't want to have an appetite for these two.

"Elder sister, Aunt Yue told me to invite you to visit her house when you had nothing better to do. She misses you." At this time, Jiang Zhi Xin blinked her eyes and tried to use Xie Yue E's name to try and get into a relationship with her.

However, it would be fine if she did not mention Xie Yue E. But when she mentioned her, Luo Qing Yun had really lost her appetite.

She stood up and looked at He Mei Xin, "Mei Xin, the dishes here aren't very suitable for me, why don't we go somewhere else to eat?"

He Mei Xin had already been sitting on the bed for a long time, hearing that, she immediately responded: "Alright, let's go eat hotpot."

After saying that, he did not forget to ask Su Qi Ze, "Mr. Su, do you mind inviting us to eat hotpot?"

"Of course." Su Qi Ze smiled slightly and helped pull out the chair behind him. The three of them did not care about Jiang Zhi Xin and Zhou Yi who were standing at the side, and under their gazes, left the dining hall without looking back.

Looking at their backs as they left, Jiang Zhi Xin's heart was filled with hatred. He clenched his fists tightly, and his expression became fierce, "Luo Qing Yun, don't think that you can flaunt your might in front of me just because you're leaning against a big tree. Just you wait, I will definitely teach you a lesson."

Zhou Yi listened to Jiang Zhi Xin and her expression became gloomy and unfathomable.

Chapter 82 - If she is willing

The three of them walked out of the restaurant and found a hot pot restaurant nearby.

Upon entering, a strong spicy fragrance assaulted his nose, stimulating his taste buds.

He Mei Xin swallowed her saliva, and said with deep emotion, "As expected, my life is only suitable for eating hotpot, even someone too advanced would be unable to digest it."

"Don't worry, next time I'll treat you to a Western restaurant, I'll definitely let you have a high-class meal." Luo Qing Yun said.

"Miss He likes western cuisine?" Su Qi Ze asked while listening to their conversation.

"Also ..." It's not bad, but I've never eaten anything of a particularly high quality, so I wanted to try it. " He Mei Xin scratched her head in embarrassment.

After Su Qi Ze heard this, he smiled and said, "The restaurant you guys went to today also has a normal taste. If you want to eat higher grade dishes, I'll bring the two of you next time."

"Really? "Then it's a deal." He Mei Xin immediately said, as if she was afraid that he would go back on his word.

"You can call me whenever you're free." Su Qi Ze smiled, found a seat and sat down, then took up the list and gave one to each of them, "You can order

whatever you want to eat."

"Aiya, the rich are treating me to a meal today. They're forcing me to start a massacre. "Then I won't be polite." He Mei Xin's eyes lit up as he looked at the menu, and without hesitation, he started to draw.

Luo Qing Yun saw that she was exaggerating, so she said, "Don't order too much, you might not be able to finish it."

"Yo yo, you haven't even gotten married yet and you're already feeling sorry for my purse?" Qingyun, you don't need to be so thrifty. You two owe me this meal, so I must eat enough! " As He Mei Xin said that, she suddenly thought of something, and looked at Su Qi Ze: "That's right, Mr. Su, there is something that I have yet to ask you, are you thinking of abandoning my family's Qingyun?"

Su Qi Ze was confused by her question and could only pretend to be puzzled.

Luo Qing Yun knew what she was going to say, and opened her mouth to stop her from speaking, but it was already too late, she gritted her teeth and said, "You clearly knew that Qingyun was pregnant, but you still ignored her.

When Su Qi Ze heard this, his gaze turned deep. The smile on his face that was originally smiling instantly disappeared as he turned his head to look at Luo Qing Yun, and asked in a low voice, "Is that so?"

Luo Qing Yun's expression froze when he saw Su Yun's eyes, and she immediately lowered her head.

It was true, but it wasn't him.

Seeing that, He Mei Xin looked at Su Qi Ze in shock: "Mr. Su, could it be that you don't know about Qingyun's pregnancy?"

"I know." And he knew about it at the first possible moment.

"Then you ..."

"It's just that I don't know when I'm going to be a heartless man." Su Qi Ze stared at Luo Qing Yun, thin lip slightly raised her head, her expression revealing a smile that was not a smile.

"Ah?" "If you don't want to be a ungrateful person, then why are you ..." He Mei Xin was confused, but seeing that Luo Qing Yun had his head lowered, looking as if she was unwilling to talk about this topic, she thought that she was making things difficult for him, thus she lectured her, "Qingyun, just tell me honestly, are you doing this?"

"I ..." Luo Qing Yun wanted to cry, but no tears came out. How was she going to explain the normal relationship between her and Su Qi Ze?

"Qingyun, I'm not talking about you. Look at you, you're pregnant now and you want to be a mother. You can't be willful." Mr. Su is a good person and will definitely take responsibility for you. Just calmly wait for Mr. Su to marry you. " He Mei Xin sounded like an elder as she spoke sincerely. After she finished speaking, she did not forget to blink her eyes at Su Qi Ze, "Mr. Su, am I right? Will you marry our family's Qingyun? "

Su Qi Ze did not answer immediately, but looked at Luo Qing Yun in front of his with focus. Realizing that she had an awkward expression, he was at a loss of what to do, and laughed: "Of course, as long as she is willing to marry."

After Luo Qing Yun heard this, the small heart immediately gave a "ge dong" sound and looked at him in shock.

Mr. Su, this joke is a little too big.

"Aiyaya, don't tell me you're going to ask for a marriage today, right? Don't abuse a single dog like me. If you want to show love, you have to wait until I'm not around. I can't hurt you." Seeing that he was looking at her with such deep emotions, He Mei Xin immediately covered his eyes and pretended not to look.

But in his heart, he was extremely happy for Luo Qing Yun.

After all, she was not abandoned by others. After all, that person was the second son of the Su Family who came from such an illustrious background.

After the three of them ate the hotpot, He Mei Xin, because she was happy, drank a bottle of beer and was slightly drunk, was sent back home by Su Qi Ze.

On the way back, Su Qi Ze sat in the Driver, earnestly driving. Luo Qing Yun sat in the secondary driving beside him, her gaze looking out the window at the constantly retreating street lights, and her heart filled with disappointment.

She really didn't feel at ease eating tonight's dinner, but luckily, it was all over.

Most importantly, He Mei Xin was happy.

No one spoke. It was very quiet. The windows were open and the sound of wind passed her ears. The sound of wind blew past her ears, messing up her hair.

Out of the corner of his eye, Su Qi Ze saw that Luo Qing Yun had lifted her hair that had been blown around a few times. When his hand came in contact with the window switch, he twisted, closed the window and turned on the cold air.

Without the wind piercing his ears, the sound barrier made the inside of the car extremely quiet.

They were both silent, except for each other's breathing and the sound of cold air coming out of the air-conditioning vent.

After an unknown amount of time, probably because of this strange silence that made people feel awkward, Su Qi Ze finally opened his mouth and with a calm voice, he said, "This friend of yours is very interesting."

"Huh?" Luo Qing Yun's mind was filled with all sorts of nonsense. When she suddenly heard him speak, she was unable to react for a moment, and when she regained her senses, she could only smile embarrassedly: "You said Mei Xin? She is very interesting, very nice, and very warm-hearted. "

"Can I take it that you are boasting?" Su Qi Ze said.

"?" Luo Qing Yun's face was full of greetings, she did not understand why he said that.

"As the proverb goes, all living beings come together in groups, while all living beings come together in groups. Miss Lowe's friends are so interesting and she is so enthusiastic, I think Miss Lowe should be the same kind of person. " Su Qi Ze held onto the steering wheel, his eyes quietly looking forward, his tone half joking, half serious.

Hearing his words, Luo Qing Yun couldn't help but laugh, "You must understand it this way, that's fine."

"Since that's the case, can I trouble you to do me a favor for such a warm-hearted Miss Lowe?" Su Qi Ze took the chance and said.

"What kind of help?"

"There's a bottle of medicine in the right inside pocket of my jacket. Would you mind taking it out for me?" Su Qi Ze said, his expression turning painful.

Luo Qing Yun suddenly remembered the first time they met, he was not feeling well, and when she fell on the ground, she immediately became nervous, "You ... What's wrong? Is it because I'm feeling unwell? "

### Chapter83

Marry him

"I have a heart attack, but don't worry, just take the medicine. Can you get it for me? I can't hold the steering wheel with one hand. " When Su Qi Ze said this, the car started to slow down.

Luo Qing Yun did not dare delay, and immediately reached into his casual suit. She fumbled around for a while, only feeling a warm sensation on her hand, warm and comfortable.

His hand moved slightly downwards, and as expected, he found the inner pocket. Reaching in, he found the small bottle and took it out.

"It's one, right?" she asked with her memory.

"Yes." Su Qi Ze had already parked the car by the side of the road and picked up the cup of water that was placed on the control panel. Luo Qing Yun handed a pill to him and watched him take it.

After he took the pill and rested for a while, Luo Qing Yun asked carefully, "Your heart isn't well, is it?"

"Congenital, unable to treat." A bitter smile slipped across Su Qi Ze's face, "I didn't scare you just now did I?"

"Nope." Luo Qing Yun shook her head, her tone became concerned, "Aren't we able to perform a heart transplant operation now? If you change your heart, you should be able to recover from your illness, right? "

"How could it be that easy?" The heart is not like any other organ. To find the right one, one has to be alive and legal, it is too difficult. " Su Qi Ze said, and sighed: "But, it doesn't matter, people will die sooner or later, earlier or later, it doesn't matter."

After Luo Qing Yun heard his words, she became a little negative, "Don't tell me there isn't someone or something in this world that you desire so much that you want to live on in?"

Su Qi Ze looked at her, as if he was pondering about this question. After a long while, he suddenly started laughing, "When you asked this question, I actually remembered two things."

"What is it?" Luo Qing Yun opened her eyes wide and looked at him curiously.

Su Qi Ze's eyes swept across her face and then to her abdomen, before he smiled and said: "My unmarried wife and unborn child."

Luo Qing Yun could tell that he was teasing her, and her expression was embarrassed and angry at the same time, "Others may not know the truth, but it's fine if you misunderstand us, but why are you like this now?"

Su Qi Ze laughed, and his expression suddenly became extremely serious as he asked: "That man, did he really not want you anymore?"

Luo Qing Yun was startled.

"Your child's father." Su Qi Ze said.

The topic of the child's father was a pain that she was forever unwilling to bring up. However, now that Su Qi Ze had asked this question, she actually did not feel it was rude, as if this question was the most natural thing to ask.

After all, he was the father of the child in her womb.

No one was more qualified than him to ask who he was taking the blame for.

"He's getting married." Luo Qing Yun answered. Her eyes looked forward, which was not far away, and seemed to be a little dazed and helpless.

The father of the child was getting married, and the bride wasn't her. Was there anything more tragic than this?

Probably not.

Su Qi Ze lowered his eyes, his dark black eyes carrying a trace of concern as he looked at her. What are you going to do? "

"Plans?" Luo Qing Yun shook her head. She didn't have any plans in mind at all.

If she did not pay off her debt to Su Chen Hao, she did not know what she would do four or five months later, when her stomach gradually showed up and Su Chen Hao found out that she was pregnant.

She was even more unsure as to what Su Chen Hao's reaction would be if he knew that she was pregnant with his child.

www.onlinefreenovels.com

Should he keep the child, or should he let her knock him out?

She was nervous at the thought that he was going to be married soon and that he could not have the child.

So from the beginning to the end, she had never wanted to tell him that she was pregnant.

Even if there was only a one in a hundred thousand chance of hurting the child in her womb, she would not take this risk.

Looking at her at a loss expression, Su Qi Ze muttered to himself for a moment, as if he had made some kind of important decision, and said: "Perhaps, I can be this child's father?"

"What did you say?" Luo Qing Yun did not expect him to say these words, and was immediately stunned.

This joke was a bit too big.

However, Su Qi Ze's expression was now extremely serious, "I don't know how long I can live for, my parents only have me as their only child. I don't dare to imagine how much pain they would feel after I leave, and I probably won't be able to have my own child in this lifetime, so ... If you can marry me, and the child in your womb can become my child, then even if I leave in the future, my parents will more or less be able to take some comfort in watching this child. "

Saying that, he paused for a moment before continuing, "Furthermore, in this world, other than me, you can't find anyone else better to be this child's father, right? You don't want to give birth to this child by yourself and let this child grow up in a single parent family, do you? "

His last sentence was like a needle, viciously stabbing at Luo Qing Yun's nerves.

Having grown up in a single-parent family, she naturally understood the pressure on children born to single-parent families and the impact of their inadequacy.

Therefore, as long as there was a one in a million chance of success, she would absolutely not let her child not have a father.

It was just that Su Chen Hao was too decisive and directly extinguished the one in ten thousand chance of that happening.

Her silence allowed Su Qi Ze to see the wavering in her heart. After a long while, he said, "It's alright, there's still time. You can slowly consider it."

"Mr. Su, I ..." She was grateful to him, even though he proposed to be his child's father, ostensibly to take advantage of her.

However, anyone with a clear mind would know, the one who had the advantage was Luo Qing Yun.

After all, not every man had the stomach to help others raise their children. Especially since their relationship wasn't that deep, even ordinary friends could barely be considered part of it.

"Or do you have other concerns? I can responsibly tell you that our family has been innocent for the past three generations, and our family is quite prosperous. As for myself, I have a master's degree in business administration from the Wharton School at the University of Pennsylvania, and am currently a CEO of a listed company. I have once dated a girlfriend, and I have no bad habits, and I don't smoke, drink, or gamble... "

He continued to introduce himself with a sincere expression.

The more Luo Qing Yun listened, the more she felt that he was not joking around with her. After thinking for a while, she interrupted him and said, "Mr. Su, although this is your good intentions, I still feel that it is unfair. After all, this child has nothing to do with you."

"If you agree to marry me, then he is related to me."

"But ..."

"I know what you're thinking. We don't have any feelings for each other, but that doesn't stop us from giving the child a home. "How about this, I promise you, if in the future, this child's father comes back to find him and is willing to give you two a happy family, I'll let you two go, okay?"

Chapter 84 - Insanity

With this kind of condition, there was simply no treaty in this world that was more unequal than this one. But looking at Su Qi Ze's expression, he was clearly looking forward to see her nod his head and agree.

"Actually... It's easy for you to find a woman like me to marry. " After all, in this current society, there were so many single mothers. With Su Qi Ze's abilities, he could find whatever he wanted.

"I know, but who told me to meet you?" Su Qi Ze said and laughed.

Fate could sometimes be so wonderful.

"Thank you for your kind intentions, I ..." She could not accept that his kindness was worth his effort to find a better girl who truly belonged to him.

Before he could say anything, he was interrupted, "Don't be in such a hurry to answer me. You can consider my suggestion."

After starting the car again, the two of them didn't say anything else as they drove her to the apartment building in silence. After parting ways, they both went home.

That night, Luo Qing Yun slept unstably.

Su Qi Ze's face and his words kept appearing in her mind.

Actually, it would be a lie to say that his heart wasn't moved.

After all, an outstanding man like Su Qi Ze, if not for his poor health, was not worse than Su Chen Hao in every aspect.

However, she understood even more clearly that it was because Su Qi Ze was too good that she didn't dare agree to marry him.

Three days passed in peace.

On the fourth day, Su Chen Hao returned from abroad.

After getting off the plane, he did not return to the villa, but went straight to the company. He busied himself until late at night before returning home.

Luo Qing Yun initially received Qiu Ye's notice, thinking that he would be back for dinner, so he made many dishes to wait for him.

As a result, when she was waiting on the sofa, she accidentally fell asleep because she was too tired from getting pregnant.

When Su Chen Hao returned to the villa, he saw Luo Qing Yun lying on the sofa, sleeping soundly.

He slowed down his pace and walked to her side, squatting down. His gaze gently fell on her peaceful sleeping face. She was sleeping, and her breathing was even. She looked gentle and calm.

Her beautiful big eyes were now gently closing, and her long eyelashes were covering her lower eyelids. Under the reflection of the light, they formed a curved shadow, like the wings of a butterfly.

Her tightly closed lips still had a trace of stubbornness that belonged solely to her. Her lips were rosy and rich, like peach blossoms that had yet to be plucked off a tree. It was tempting and tasty.

He stretched out his hand and used his slender fingers to gently brush away the messy hair that was on his forehead.

Her fingertips inadvertently touched her smooth white skin. She slept very lightly and was instantly woken up. She blurrily opened her eyes and saw the familiar face that was just inches away from her. A faint smile appeared on her face.

"You're back?" Opening her mouth, she muttered in a low voice, as if she was still in a daze.

She had easily poked the softest part of Su Chen Hao's heart, he opened his mouth, and just as he was about to speak, she blinked her eyes, and then fell

back asleep.

Obviously, she hadn't really woken up just now.

He couldn't bear to wake her up so he took off his coat and lightly covered her. He turned around to go upstairs but saw that the restaurant's light was on.

Walking over to take a look, he saw on the table the dishes that he usually liked to eat. It could be seen that it was a welcoming banquet that she had specially prepared for him.

Although he had already eaten dinner, for some unknown reason, he suddenly walked over to the dining table and sat down. He picked up a bowl and chopsticks, and began to eat the dishes that were completely cold.

Luo Qing Yun didn't sleep for long before she woke up. Seeing the jacket on her body, she suddenly realized that Su Chen Hao had returned.

After getting up, she headed straight for the dining hall, where she saw Su Chen Hao eating the cold dishes on the table leisurely.

"You ... When did you get back? " she asked as she reached the table and opened her mouth.

Under the light, Su Chen Hao's expression looked as cold and proud as ever. His brows were creased in a relaxed manner, and his deep eyes were calm without any ripples.

"I just arrived." He put down his bowl and chopsticks, picked up his spoon, and prepared to scoop up the soup.

Seeing that, Luo Qing Yun immediately grabbed onto his big hand, "Stop eating, all the food is cold."

Su Chen Hao's movements immediately stopped, and his gaze lightly fell on the small hand that was holding his big palm. Her hand was extremely beautiful, as slender as a onion, and even had a soft feeling to it.

As if he had been burned by his gaze, Luo Qing Yun quickly retracted her hand, and then, she picked up the bowl of cold fish soup. "You want to drink the soup, I'll help you heat it up."

"There's no need to trouble yourself." Seeing that she was trying to avoid him, Su Chen Hao suddenly lost all appetite. He put down the bowl and spoon in his hand, stood up and said, "Come, I'll send you back."

Luo Qing Yun stood in shock for half a second while holding the bowl, and then placed the bowl back on the table. She turned around and said, "There's no need to trouble Mr. Su, I can go back by myself."

As he spoke, he lifted his foot to leave.

Su Chen Hao reached out to grab her wrist, and said in a low voice, "I'll give it to you."

Luo Qing Yun frowned and struggled a little, wanting to struggle free from his grasp, "Please let go, I do not need you to gift it to me."

"Luo Qing Yun, do you have to do this?" He was once again successfully provoked by her anger.

Why did this ungrateful woman keep challenging his patience?

"Mr. Su, what do you mean by that? I don't understand. " Since she was unable to break free, she gave up on struggling and only raised her head to

look at his condescending face. It was a face that was perfect to the extreme, yet currently, it seemed so hateful.

"You don't understand, right?" Looking at her feigned calmness and her feigned stupidity, the anger in his heart had already started to burn.

He raised his hand and grabbed her small and exquisite chin. Without any warning, he kissed it.

Luo Qing Yun did not expect him to do this. Instantly, his eyes widened as he revealed an astonished expression.

When she reacted, she immediately stepped back.

However, every step she took back was not enough for him to stop. On the contrary, he was actually pressing her down step by step.

In the end, she was forced into a corner and had nowhere to retreat to.

The thin lip carried a trace of warmth, and from her lips down to her neck. The familiar sweet smell made him lose his mind.

"Let me go, don't touch me ..." Luo Qing Yun continuously twisted her neck, wanting to push him away.

However, in front of him, her strength was pitifully small. Any struggle in his eyes was just like an ant shaking a tree, a meaningless waste of energy.

"Si La!" The bottom of her skirt was torn apart. She clearly felt a chill under her legs.

As her heart pounded, she realized what he was going to do next.

No, no!

The alarm in her mind rang, and she shouted loudly, "Stop, Su Chen Hao, you must stop ..."

It was a pity that the Su Chen Hao at this time would still listen to her.

Chapter 85 - Almost An Accident

In the past few days, he had already endured as he watched her walk around in front of his eyes, constantly making a ruckus.

If she wasn't dealt with today, she really didn't know who would decide between the two of them!

Seeing that he was not willing to stop, in a moment of desperation, Luo Qing Yun lowered her head and directly buried her head into his robust shoulder, opened her mouth, and fiercely bit down.

"Hiss ..." Luo Qing Yun had made up her mind, which was why her bite was so painful. Feeling the pain, Su Chen Hao raised her head, and her pair of black eyes instantly turned scarlet.

Luo Qing Yun tasted a bit of blood in her mouth. Realizing that her actions were too ruthless, she nervously raised her head, her lips still stained with his own blood. His white shirt was also dyed red by blood, forming an arc in the air.

"I told you to stop. You forced me, I ..." She forced herself to look into his ice-cold, frightening eyes. Her tone clearly showed that she was somewhat guilty.

However, before she could finish speaking, Su Chen Hao's lips sealed her mouth once again, and the salty, fishy blood that flowed between their lips, seemed to be some sort of medium, as they were tightly bound together.

At first, Luo Qing Yun still wanted to struggle, but slowly, as if she was woken up by his kiss, her body involuntarily started to cater to his movements.

In the end, it fell beneath him.

When Luo Qing Yun woke up, she discovered that she was actually lying on that familiar bed.

The man beside him had already disappeared.

Thinking back to the scene from last night, she still felt terrified.

He quickly changed his clothes and rushed down the stairs. When he rushed into the dining hall, he saw a chaotic mess inside that resembled a battlefield.

Last night, he was too crazy, he almost wanted to eat her alive. If it wasn't for the fact that she finally lost consciousness due to exhaustion, he wouldn't have let her off that night.

Squatting down, she wanted to pick up the debris on the ground, but a wave of pain came from her lower abdomen.

Covering her stomach with her hands, she slowly got up and walked to the dining room. She wanted to sit down on the sofa and ease the pain.

However, she soon discovered that the pain did not lessen. Instead, it became more and more severe.

What was going on?

She wiped away the sweat on her forehead and suddenly thought back to the chaotic battle with Su Chen Hao last night.

Could it be that the child in his stomach had been injured?

Thinking of this possibility, her heart could not help but be afraid.

With one hand on her stomach, she picked up the phone. While flipping through the number, she thought to herself, "Baby, you have to be strong. Don't leave mommy ..."

He wanted to call He Mei Xin and ask her to save him, but when he flipped through the phone book, because he was too anxious and his hand speed was too fast, he flipped to the bottom right away.

Compared to He Mei Xin, it seemed that he was more able to help her at this time.

Thinking of this, she immediately dialed that unfamiliar number.

The phone was picked up after two rings. Su Qi Ze's magnetic voice came from inside, his tone light and light: "Qingyun, are you here to tell me the good news?"

Luo Qing Yun: "Mr. Su, please save me, my child, my child, he ..."

"What happened to the child? Where are you? I'll be right over. "

"It's in the villa area next to mine, east district, # 808."

After hanging up the phone, Luo Qing Yun completely lost consciousness.

Hospital.

When Luo Qing Yun woke up, she found herself lying on the sickbed. The surroundings were completely silent. The IV tube was still in his hand, and he was dripping a few drops.

Child, her child.

After waking up, her first reaction was to reach out to touch her stomach. At this time, the ward's door was pushed open from the outside, and Su Qi Ze's handsome figure walked in from outside.

"Qingyun, you're awake?" Seeing Luo Qing Yun opening her eyes, he walked to the side of the bed and sat down.

Seeing him, Luo Qing Yun immediately grabbed his left hand, and asked with an anxious expression: "Mr. Su, how is my child? He ... Are you all right? "

"Don't be agitated, relax a bit. Listen to me, the child is fine. No problem, he's still in your stomach." Su Qi Ze's right hand gently patted the back of her hand as he comforted her.

"Really? Is he still here? " When Luo Qing Yun heard this answer, the excited mood finally calmed down a little.

"Don't worry, the child is fine. However, the doctor said that you are currently in the initial stages of pregnancy and your condition is quite dangerous. You should pay special attention to some things in the future and never do them." When Su Qi Ze finished speaking, his words were very reserved.

Luo Qing Yun was not stupid, she naturally understood the meaning behind his words, and instantly felt her face heat up, not daring to look at him.

"Yesterday... "It was an accident ..." This was the only explanation she could give.

"So it's like that." Su Qi Ze raised his eyebrows, "Then I hope that this incident will not happen again in the future."

"No, never again." She shook her head and made up her mind.

"That's good." As Su Qi Ze said this, his face revealed a faint smile.

"Thank you for today. If it wasn't for you, I'm afraid this child would have ..." Luo Qing Yun looked at him with gratitude.

Su Qi Ze raised his eyebrows, "There's no need to thank me, looks like fate is not on my side. Even if I can't be his biological father, since I've saved him before, can I be a godfather or something? "

"Mr. Su, you ..." Luo Qing Yun was a little surprised. Why was he so fixated on her child?

Could it be that there really is such a thing as fate in this world?

He had not even fully formed himself in her stomach, but he was already destined to be with Su Qi Ze.

"Don't call me Mr. Su, just call me Qi Ze. Although the two of us haven't known each other for long, we have already saved each other's lives, so we can be considered friends for life. Can you not be so courteous?"

"Alright, Qi Ze, of course you can be a godfather to children, it's our honor."

"Of course, I suggest that you consider the suggestion of having me become the child's father." Su Qi Ze said half-jokingly half-seriously.

After Luo Qing Yun heard this, her expression froze, and she lowered her head.

"Qingyun, my good daughter, how are you?" Suddenly, the ward door was pushed open from the outside once again. Xie Yue E who was dressed in a rich wife's attire rushed in, with a worried expression on her face, she rushed to the bedside.

When Luo Qing Yun saw her, she was very surprised. Just as she was about to ask why she was here, she heard Su Qi Ze say from the side, "I was the one who called to inform Aunt. With your current condition, you need someone to take care of you."

"Qingyun, how is it? Is my grandson well? " Compared to Luo Qing Yun, Xie Yue E was more concerned about the child in her womb.

This was a treasure that she would be able to form with the Su Family by herself in the future.

Luo Qing Yun turned her head, unwilling to care about her.

"Aunt, don't worry. The child is fine." Su Qi Ze answered for her.

Hearing this, Xie Yue E's hanging heart finally dropped, "It's good that you're fine, it's good that you're fine. Qingyun, it's not that mom wants to talk about you, but now that you're going to be a mom, you have to be careful to protect your body in the future, understand? I can't afford to make the slightest mistake. "
